SUMMARY

I'm a young web developer who likes to create useful products and share them with others on the Internet. My strengths are teamwork, finding alternative ways to solve problems, focus on achieving the best final result.

Every day I'm improving my knowledge and I'll be glad to build more and more interesting projects that let me become a master of web development :)

EDUCATION

Bachelor, 172 "Telecommunications and radio engineering"

Oles Honchar Dnipro National University

📅 2019 - 2023　　📍 Ukraine, Dnipro
